Title Index to Volume 15

Antifertility effect of aqueous extract of seeds of *Cassia fistula* in female rats 293
Antispermatogenic effect of gossypol in Langur monkeys (*Presbytis entellus entellus*) 15
Characteristics of copper corrosion in simulated uterine fluid in the presence of protein 179
Communication and sexuality in a Nigerian community 61
Comparative study on the acceptability of two modern monophasic oral contraceptive preparations: 30 μg ethinyl estradiol combined with 150 μg desogestrel or 75 μg gestodene 191
Comparison of the performance of TCu380A and the TCu380S IUD up to five years 275
Contraception in teenage Nigerian school girls 283
Contraceptive knowledge, attitude and practices of men in rural Maharashtra 217
Contraceptive methods used and preferred by men and women 363
Contraceptive status and sexual behavior in women over 35 years 235
Correlates of visit regularity among family planning clients in urban Yemen 257
A decade of experience with TCu200 351
Does the intrauterine device carry the risk of immunity to sperm? 29
Early abortion by mifepristone (RU 486) followed by vaginal gel (meteneprost) versus oral (misoprostol) prostaglandin 163
Endometrial histology in long-term users of the once-a-month injectable contraceptive cyclofem 1
European multicenter study of natural family planning (1989-1995): efficacy and drop-out 69
Factors affecting contraceptive use and behaviors in Kocaeli, Turkey 325
Factors associated with discontinuation rates of the Copper T 380A IUD in a Peruvian public hospital 303
Fine structure of the langur monkey vas deferens and possible roles of changes following vasectomy in the success or failure of the vasovasostomy 337
Induced abortion: a method for birth control? 49
Initial UK experience of the levonorgestrel releasing contraceptive intravaginal ring 313
The intrauterine device and its dynamics 119
Knowledge of likely time of ovulation and contraceptive use in unintended pregnancies 109
Norplant: user's perspective in Pakistan 95
Oral contraceptives and compliance: reaction to cardiovascular alarm among users 133
Outcomes in action 245
Performance of the frameless IUD (Flexigard prototype inserter) and the TCu380A at six years as part of a WHO multicentre randomized comparative clinical trial in parous women 201
Pilot study on the use of repeated doses of misoprostol in termination of pregnancy at less than 9 weeks of gestation 211
Quinacrine sterilization: experience among high-risk women 175
Research and quality control in natural family planning with relational database systems 375
Reversible azoospermia by oral administration of the benzene chromatographic fraction of the chloroform extract of the seeds of *Carica papaya* in rabbits 141
Safety of intrauterine device insertion by trained nurse-midwives in the Sudan 9
Two-year clinical experience with NovaT 380, a novel copper-silver IUD 37
Use and knowledge of hormonal emergency contraception 85
